

Local Business Boost

Title Loan Company Cuts Cost Per Funded Loan in 1/2

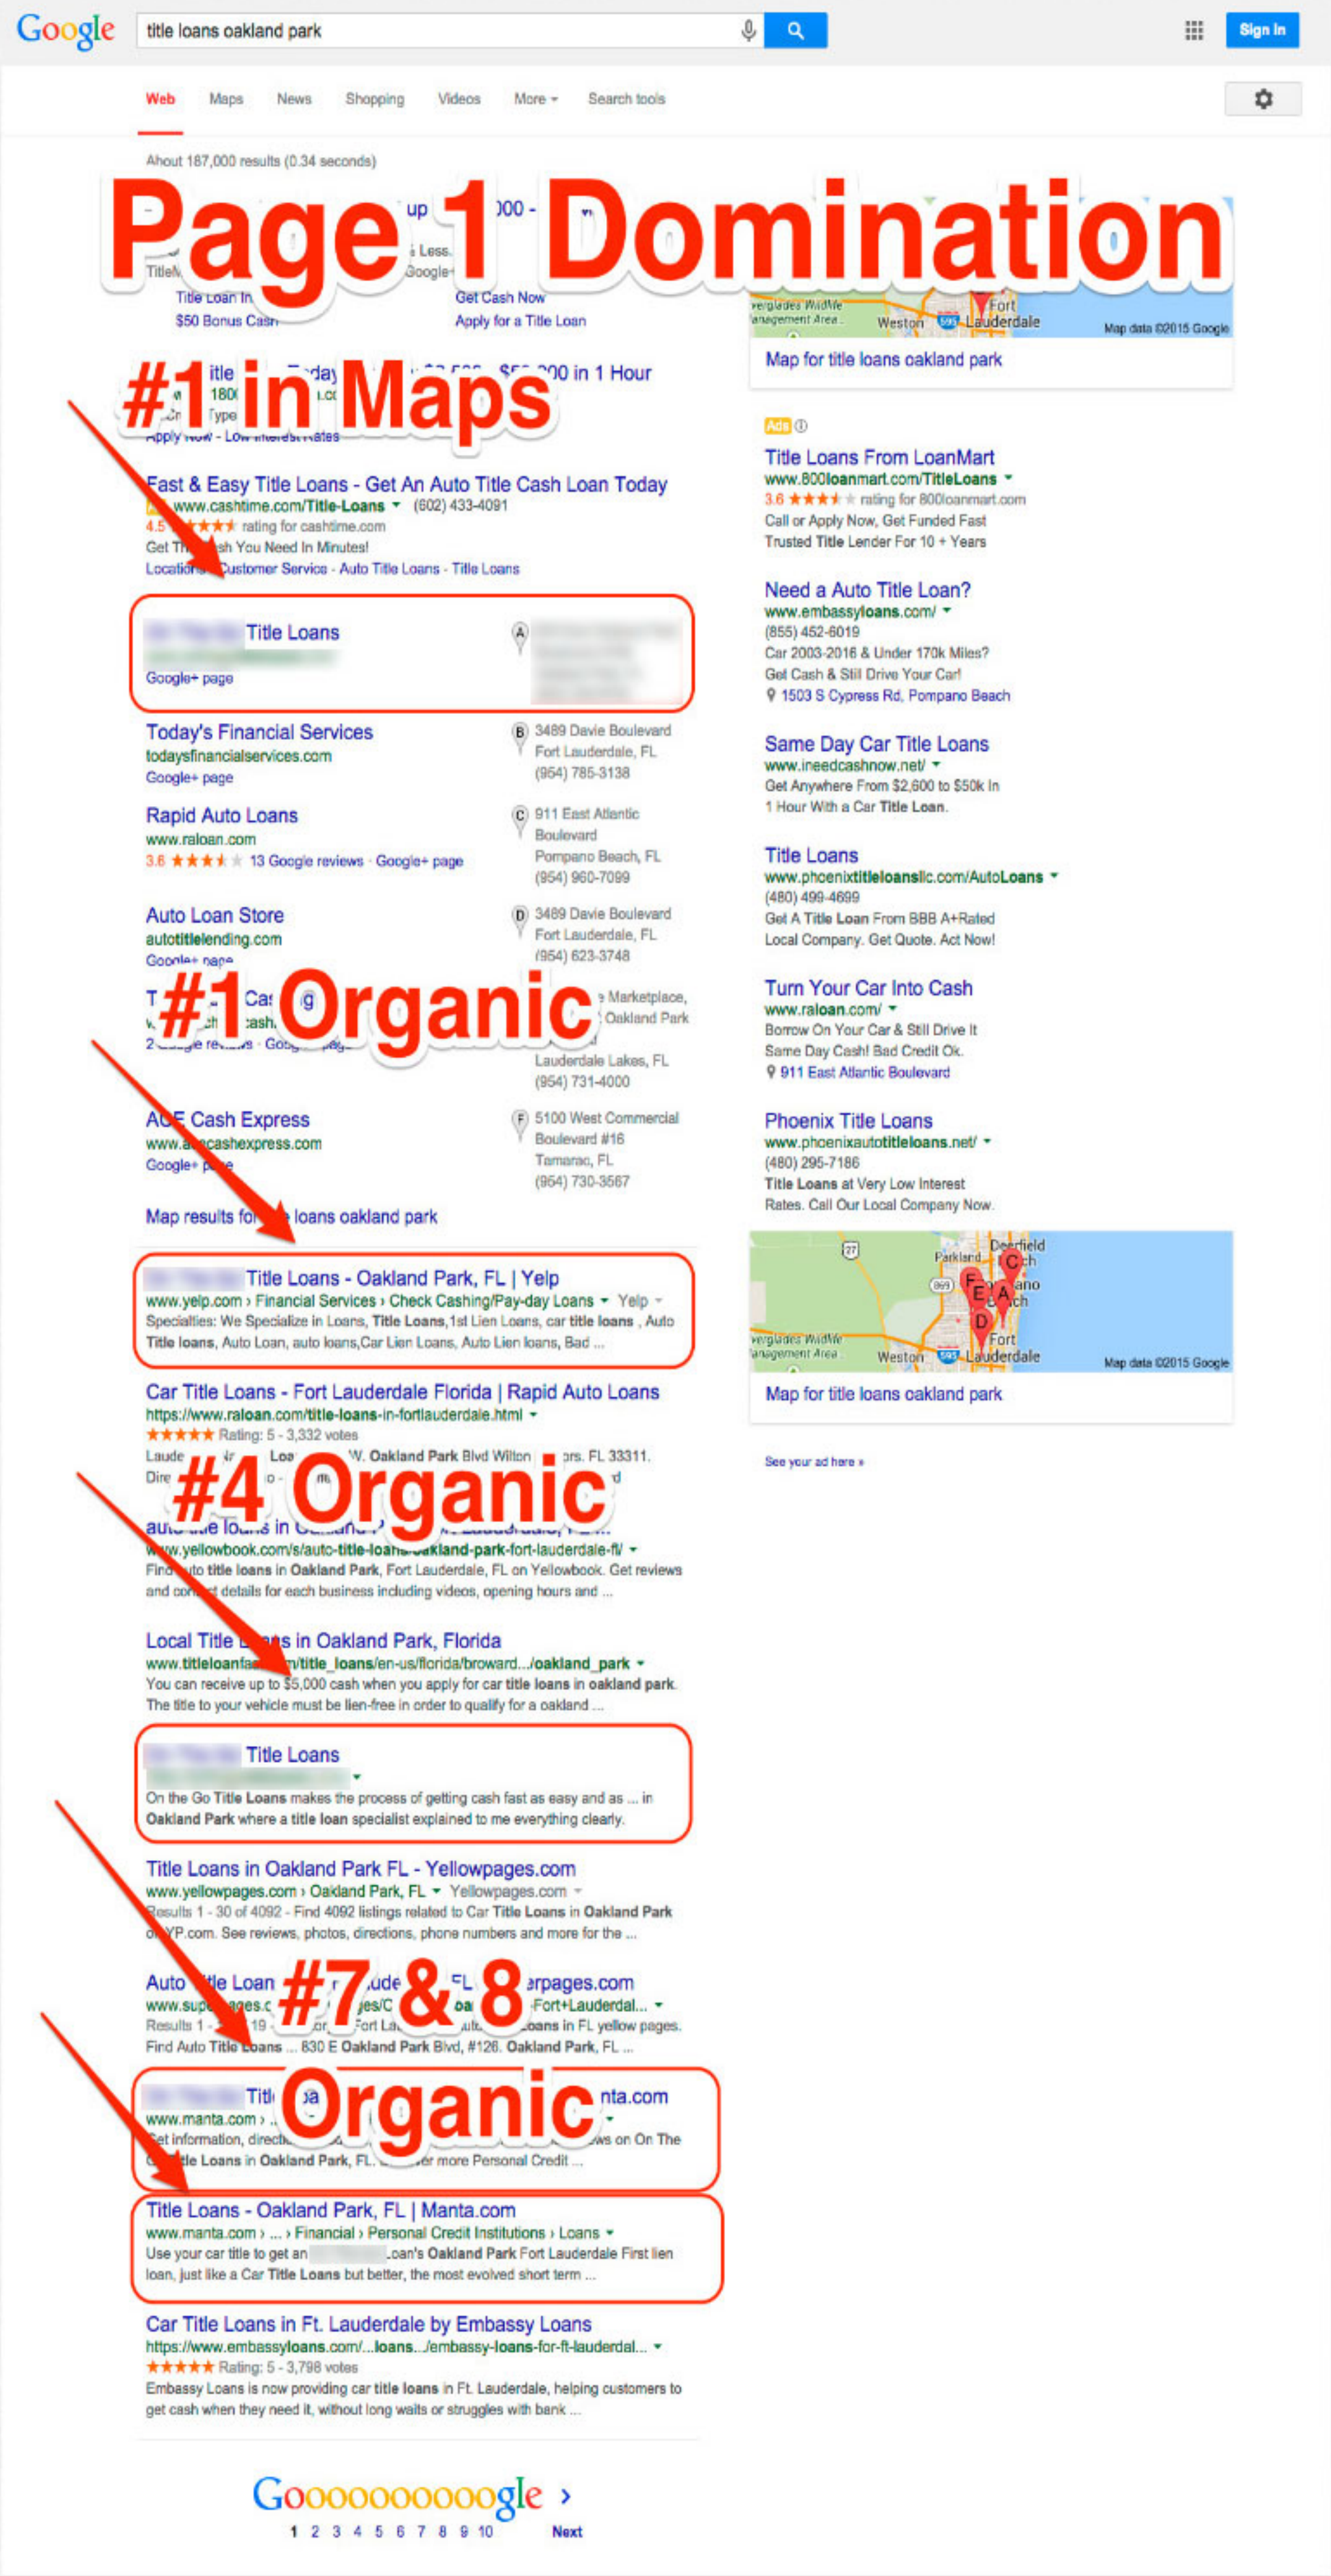

There was fast action here... In 90 Days there were over 380 unique calls made to the business of which they converted 62% into sales for a total revenue of \$42,600. They are averaging over 100 unique calls per month and have cut their acquisition cost down by 1/2. The crazy part is that this isn't even firing on all cylinders. This is still very early in the marketing process and we expect to see these numbers double in the next 90 days allowing them to cut their acquisition cost down to 25%. CRAZY!

Company Goes Live With Our New Website

Previous website is poorly constructed, and is dated. We build them a beautiful fully responsive website optimized for conversions and you can see the difference between the two.

When Searching for "Title Loan Oakland Park"

Lessons Learned...

Good local marketing makes a big difference ... tripling the revenue for this company and allowing them to become much more profitable. The website makes a huge difference, especially when it is built to support mobile devices and is optimized for conversions.
